Through : Academic Council, Patliputra University, Patna

Subject : Request to initiate enrichment of Curriculum feedback on BBA program

Respected Sir,

We have been making sincere efforts through our IQAC by discussing the possibility of Curriculum enrichment taking feedbacks from stakeholders.

We understand that our curriculum which has not been revised since long; looking at the current industry requirement, we need to make our students to get geared to the cutting edge management skills and technologies which will make them employable and job-ready.

Although we make them abreast with the cutting edge management skills and technologies by taking them through various Add-On and Value Add programs constituted by the institute; however, it will be highly appreciable if course syllabus of the University is updated with cutting edge management skills and technologies and incorporated in the University Curriculum in the best interest of the entire University students' fraternity.

Please find enclosed the suggested feedback and recommendations of various stakeholders.

We therefore request you to take up this matter through the Academic Council body.

With warm regards,

Principal
